OBJECTIVE

- A passionate coder who desires to learn, experiment, and explore technical, analytical, and problem-solving skills.
- Have a keen interest in Frontend Development, Data Structure, Algorithms and Problem-solving.

EDUCATION

Bachelor of Technology(CSE) , JSPM's RSCOE, Pune	2020-2024
HSC , P.V.P Junior College, Loni	2019-2020
SSC , P.Dr.V.V.P.Vidyalaya, Loni	2017-2018

SKILLS

Technical Skills	: C++, HTML, CSS, JavaScript, SQL, Python.
Frameworks	: React Js, Tailwind CSS.
Tools	: VS Code, GitHub.

PROJECTS

Weather Searching Website: Developed a website to provide users with real-time weather information and forecasts by using HTML, CSS, and JavaScript ([Try it here](#))

Anime Website: Build a responsive anime website using featuring search and filter functionality, allowing users to search for specific anime titles or filters results based on specific criteria. Used React js and API to fetch anime data. ([Try it here](#))

Random Gif Generator Website: The Random GIF Generator is a web application built using React, designed to generate random GIFs based on user preferences. It leverages the Giphy API to fetch and display GIFs dynamically, providing users with an entertaining and customizable experience. ([Try it here](#))

ACHIEVEMENTS

- I have solved more than 300 coding problems on different coding platforms like coding ninjas,leetcode,Geeksforgeeks.
- I got 29/100 marks in GATE 2023 Exam.

EXTRA CURRICULAR ACTIVITIES

- I with my team members have won 1st prize in idea competition which was held at Indira College of Engineering, Pune
- I was part of cricket team of our computer department. Our department won the cricket tournament which was a college level tournament. We were the winners among the 49 others teams that participated in the tournament.
